I open and close my eyes now. Do you see with your left eye?

Yes, I see these with my left eye, but I don't see those with my right eye. Will you walk to this house? Is it your mother's house?

Yes. I always walk to this house. It's not my mother's house, but my father's. I close that door every day. Will you open that window?

No, I never open that window, but I always open that door. I'll show you how I do it.
